

PADLOCKS

KRYPTONITE
Tough World, Tough Locks

BEST

Designed to stop theft and unauthorized use in the HIGHEST RISK LOCATIONS.

Alloys of triple heat-treated Boron Manganese, Kryptonium™, and Molybdenum are combined with street-smart engineering to ensure that these are Kryptonite's strongest, professional-grade Flex Security products.

Keyway
Ilco #1046A

Heavy Duty Solid Steel Padlock 2-1/2" Body—

KR-851219 1" Shackle Length, 7/16" dia.

2-1/2" Body—

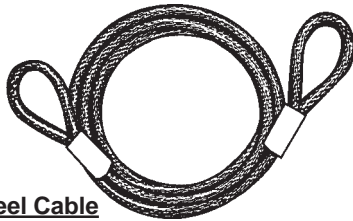

KR-851226 2" Shackle Length, 7/16" dia.

2-1/2" Body—

KR-851233 3" Shackle Length, 7/16" dia.

Hardened solid steel padlock with Molybdenum steel shackle for greater resistance to sawing, cutting and prying attacks. Double deadbolt locking mechanism. Quick-change shackle design. 6-pin Brass cylinder is rekeyable and changeable. Accepts American Lock cylinders. **Locks are keyed alike - 6 per box.**

Heavy Duty Flexible Steel Cable

KR-820406 7' x 5/8" diameter cable

Braided steel vinyl coated cable in 5/8" diameter with extra long oversized swages. Double loop design allows cinching for more usable length and more flexible lockup options with Kryptonite padlocks or virtually any high security padlock.

Keyway

BETTER

Designed to stop theft and unauthorized use in MEDIUM TO HIGH RISK LOCATIONS.

Heavy-duty braided steel cables, as well as industrial-grade padlocks, ensure that these Flex Security products will provide serious security on the job or on the weekend.

Flexible Steel Cable

KR-830504 30' x 3/8" diameter cable

KR-830412 15' x 3/8" diameter cable

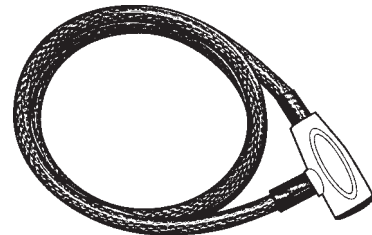

KR-830405 7' x 3/8" diameter cable

Braided steel vinyl coated cable in 3/8" diameter with extra long oversized swages. Double loop design allows cinching for more usable length and more flexible use with Kryptonite padlocks or virtually any padlock.

GOOD

Designed to stop theft and unauthorized use in LOW TO MEDIUM RISK LOCATIONS.

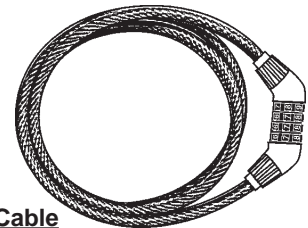

Flexible, braided steel cables and high-quality padlocks in the most popular sizes ensure that these Flex Security products will provide great protection against "grab and dash" thefts on the job, around the yard, in the garage, anywhere and anytime.

Key Cable

KR-830139 5' x 1/2" diameter cable

Flexible, 1/2" diameter vinyl coated steel cable with a tough integrated key lock. Weather resistant cylinder. Two coded keys.

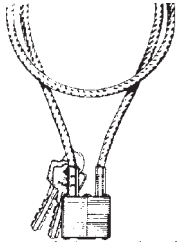

Resettable Combination Cable

KR-830207 5' x 5/8" diameter cable

Flexible, 3/8" diameter vinyl coated steel cable with a tough integrated 4-digit resettable combination lock. Combination can be set and reset quickly and easily.
