**KRYPTONITE**  
Tough World, Tough Locks

## GOOD

Designed to stop theft and unauthorized use in **LOW TO MEDIUM RISK LOCATIONS.**

Continued-

### Stainless Steel Padlock

**KR-850434** 2-3/4"

Padlock features armor-protected hardened steel shackle. Double deadbolt locking. Stainless steel deep welded body.

### E Z Touch Combination Padlock

**KR-850441** 2"

Padlock features patent-pending ergonomic dial that can be set using one hand. Right-Left-Right dial mechanism offering 64,000 combinations. Hardened steel shackle. Protective plastic shroud over hardened steel body.

## SPECIALTY

Specialized security solutions designed to stop theft and unauthorized use, including high security ground anchors, locking trailer hitch pins, and adjustable length ladder locks.

### StrongHold Security Anchor

**KR-330202** Above-ground security anchor

An extra-tough theft resistant locking point, for use indoors or out, providing protection from ride-away, roll-away and lift-away theft. 5/8" hardened carbon alloy steel shackle lays flat when not in use. Weatherproof, impact resistant body. Includes 5/8" cement anchor bolts. Recommended for both commercial and residential installations.

### Locking Hitch Pins

**KR-360209** 1/2" pin diameter, class II, 1-1/4" receivers

**KR-360216** 5/8" pin diameter, class III, 2" receivers

Serious security for receiver style trailer hitches and hitch-mount racks. High-security hardened steel locking head swivels for easy use in tight locations. Double chrome plated for corrosion resistance. Protective keyway cover.

### Hitch Pin Security Cable

**KR-360223** 12" x 1/2" cable

For use with all Kryptonite locking hitch pins. Secure gear with cable then slide steel loop end onto hitch pin and lock into place. Braided steel cable increased resistance to cutting and sawing. Extra large loop end for cinching.

## "Set-Your-Own Combination" Luggage Lock

**Security, convenience and style combined.** Personal size combination locks are ideal for use with luggage, briefcases, sport bags and tool boxes. And with the Master Lock "Set-Your-Own Combination" lock, a simple four-step process allows the user to set a combination that's easy to remember because it's truly personal. In addition, the "combination window" design on the body of the lock makes the numbers easy to read.

For portable, convenient security on luggage, briefcases and cabinets, the Master Lock "Set-Your-Own Combination" is the lock of choice.

1. Corrosion-Resistant Brass-Plated Steel Shackle
2. Windows Make Viewing Combination Quick & Accurate
3. Black Zinc Alloy Body Complements Lockables
4. Combination Can Be Easily Changed
5. Ideal for Luggage, Briefcases, Sport Bags, Backpacks, Tool Boxes and Cabinets
6. Lifetime Guarantee

## COMBINATION PADLOCKS

**Master Lock**

Minimum  
of 10  
padlocks

Strong double-wall construction — stainless steel outer case over wrought steel inner case. 3-number locking mechanism. Double-acting, solid steel locking lever. Self-locking, automatically disarranging tumblers. Inner parts rustproofed. Practically unlimited combinations. Case width 1-7/8". Brass dial, finished in black enamel with white numerals. Nickel-plated dialing knob, with diamond knurled edge. Built-in "sound effect" to prevent picking. Nickel-plated steel swivel shackle, diameter 9/32. Clearances: vertical - 3/4", horizontal - 13/16".

All features of No. 1500, plus key-controlled mechanism with brass cylinder, nickel-silver tumbler security. Designed for special installations such as schools, industrial plants, gymnasium locker rooms, etc. Not recommended for over-the-counter sales. Special security feature — keyway in back of lock. Individual user operates lock by dialing combination. Authorized person has control key, providing easy access to all lockers (control keys must be ordered separately). Installation record maintained at factory, on factory ordered padlocks, permitting extension system under same key.

The 2001 more than doubles combination lock strength and security. Hardened boron alloy shackle resists cutting, sawing, prying and impact. Dual ball-bearing deadbolt locks both shackle legs. Stainless steel outer case surrounds massive solid inner case. Rugged rim-reinforced dial resists prying and knock-off. Smooth 3-number dialing. Thousands of possible combinations. Self-locking, automatically disarranging tumblers, and dial spin-off. Combinations can't be "felt out". Case width 2-3/16". Shackle diameter 5/16". Clearances: vertical 1", horizontal 15/16". Black dial. Lifetime warranty.
