

## LOCKSMITH TOOLS

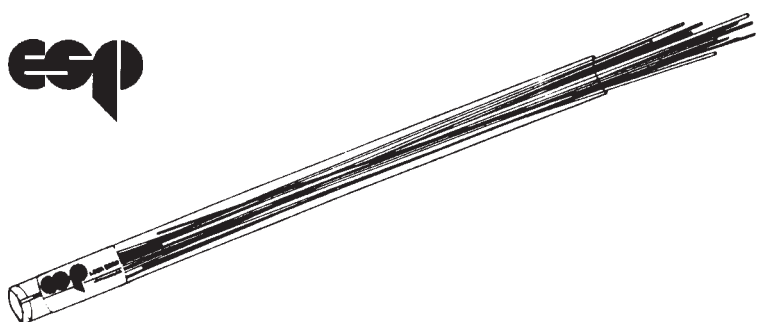

### BRASS SPRING ASSORTMENT

#### ES-SK-70

Developed specifically for locksmiths, this spring assortment will prove invaluable when repairing various panic devices, mortise locks, or other products where replacement springs are required. Consisting of the most commonly used springs, each assortment contains 10 each of 12 different size springs in a handy spill proof container. Contents subject to change without notice.

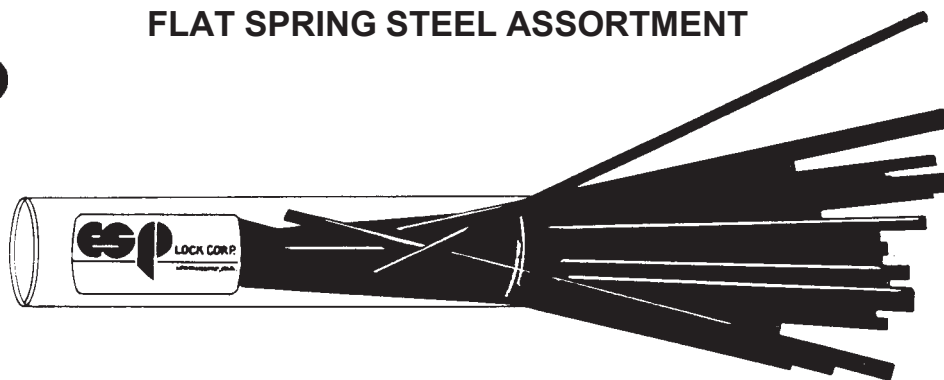

### SPRING WIRE ASSORTMENT

#### ES-SWA-100

The ES-SWA-100 is a Spring Wire Assortment which features the most popular sizes of round spring wire used in making springs for various mortise locks and other security products. The ES-SWA-100 is packed in a durable plastic see-through tube for easy handling and storage, and includes 15 pieces each of the 7 most popular thicknesses of spring wire. What's more, all pieces are 12 inches in length, the length most requested by locksmiths. A convenient package, the ES-SWA-100 puts various sizes of spring wire immediately at your fingertips in an easy-to-handle tube.

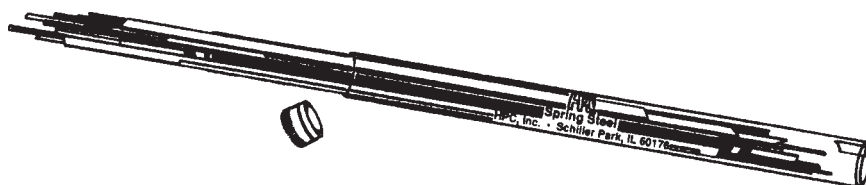

### FLAT SPRING STEEL ASSORTMENT

#### ES-FSA-50

Here is a flat spring steel assortment featuring the most popular sizes of spring steel used in making springs for various mortise locks and other security products. Packed in a durable, see-through plastic tube, the FSA-50 includes the most popular sizes of spring steel. There is no waste with sizes you rarely use. What's more, each piece of spring steel is cut in 6 inch lengths for easy handling and storage.

### FLAT, ROUND SPRING STEEL ASSORTMENT

#### FRS-4

This spring steel assortment contains different sizes of the most popular flat and round blue steel. The assortment is cut into convenient 9" lengths and is packaged in a see-through round plastic container.
