## DIGITAL KEKABS®

<u>Stock No.</u>	<u>Capacity</u>	<u>Dimensions</u>
<b>KEKAB-DL65</b>	65 keys	17" x 13" x 3-1/4"

The new Digital KeKabs® have all the same features of our regular KeKab®, but are opened by a user friendly keypad, rather than a key.

The Digital KeKab's® intelligent features include 2 levels of access (User and Manager), with an overriding Owner code, instant re-programming, usage indicator, and automatic lock-out. These units are battery operated and require no wiring or central processors. The locks run on two 9-volt alkaline batteries. A low battery indicator warns when batteries are low, and special jumper ports allow access of external power in the event of battery failure. With its all metal construction, the Digital KeKabs® are built to last.

## KEYABLE KEKABS® Uses Mortise Cylinder

<u>Stock No.</u>	<u>Capacity</u>	<u>Dimensions</u>
<b>KEKAB-KK95X</b>	95 keys	20" x 16-1/2" x 5"

X-Cabinet is expandable to 265 keys.

HPC's Keyable KeKabs eliminate the problem of how to control the key to the key cabinet. This HPC exclusive line of cabinets allows you to add your own mortise cylinder, and key into the existing master key systems. The Keyable KeKabs are equipped with a heavy-duty lock assembly and are designed to use standard 1" mortise cylinders with Adams Rite cam. Longer cylinders can be accommodated using spacer rings. The mortise cylinder, keys, and spacer rings are not supplied with these KeKabs and must be ordered separately. Add convenience and security to the storage of your keys with the Keyable KeKab®.

**EXPANSION LEAVES**-When your key control needs grow, so can your system. Leaves are easy to install and come with all necessary hardware, numbered tags (to increase capacity number) and control chart.

<u>Stock No.</u>	<u>For KeKab:</u>	<u>Increase From</u>

## Single Tag

HPC's single-tag key security control system is designed to control and provide security for 8 to 730 keys. KEKABS are ideal for home, store, or office use, where centralized or departmental key control is desired. They are designed to be mounted on a wall, near a desk, or a workstation.

KEKAB-8

KEKAB-30

KEKAB-60

Each HPC KEKAB security control system includes:

- **White Plastic Key Tags** with bright nickel plated snap-hooks which can hold multiple keys on each snap-hook. The tags are numbered for easy identification.
- **Durable Steel Key Racks** that are slotted to store key tags uniformly for immediate identification.
- **"Out Key" Control Tags** that are made of yellow paper. They are used for accountability (to record information on loaned keys).
- **Lock Location Data** which consists of an erasable lock location chart as part of the KEKAB-8 and numbered key control booklets with all other KEKABS.
- **Unique Powder Coat Textured Painting Process** which provides an attractive and very durable finish. The neutral sand color allows them to be hung anywhere.
- **Heavy Gauge Steel Construction** with piano hinged doors and key panels provides a sturdy location to secure your keys.

Most Single-tag KEKABS are equipped with a 5 wafer tumbler lock with two keys. **KEKABS denoted with an asterisk (\*) are equipped with a high security 7 pin tubular lock with popout T-handle.** All KEKABS can be keyed-alike, master-keyed or furnished with a combination lock or dual control locks at an additional charge (factory order). The "X" at the end of the stock number denotes that the cabinet is expandable.

<u>Stock No.</u>	<u>Capacity</u>	<u>Dimensions</u>
KEKAB-8	8 keys	6-5/8" x 5-3/4" x 2"
KEKAB-30	30 keys	12" x 8" x 2-1/2"
KEKAB-40	40 keys	12" x 8" x 2-1/2"
KEKAB-60	60 keys	17" x 13" x 3-1/4"
KEKAB-80	80 keys	17" x 13" x 3-1/4"
KEKAB-120	120 keys	17" x 13" x 3-1/4"

## Two-Tag

HPC's two-tag security key control system is designed to control and provide security for 30 to 500 keys. The two-tag system enables your to loan a key, while keeping a copy in the cabinet for emergency use. The two-tag KEKAB is designed to be mounted on a wall, near a desk, or a workstation.

KEKAB-T30

KEKAB-T60

KEKAB-T200

Each HPC KEKAB II security control system includes:

- **Red Plastic Octagonal Permanent Key Tags** have self-locking key holder. This key tag is designed to hold the original key and remain in the KEKAB. The tags are numbered for easy identification.
- **White Plastic Cloverleaf Loaner Key Tags** are used to hold duplicates of the permanent key. The tags are numbered for easy identification.
- **Key Organization Sleeves** are for the collection of keys. These envelopes are pre-printed with room for pertinent information.
- **Key Receipt Slips** are designed to keep a record of keys loaned out. Personnel must fill out slips in order to obtain a key. The slip is then hung on the appropriate hook in the KEKAB in place of the loaned key.
- **Brass Receipt Holder** for optional use of holding key receipt slip on hook. (Complies with governmental regulations.)
- **Cross Reference Binder** contains three referencing methods for a detailed record of all keys. Includes complete key loan record, cross reference sheets and detailed instruction sheet.
- **Unique Powder Coat Textured Painting Process** provides an attractive and very durable finish on all KEKAB units. The neutral sand color allows them to be hung anywhere.
- **Heavy Gauge Steel Construction** with piano hinged doors and key panels provides a sturdy location to secure your keys.

All KEKAB II cabinets listed below are equipped with a 5 wafer tumbler cam lock and two keys. All KEKABS can be keyed-alike, master-keyed or furnished with a combination lock or dual control locks at an additional charge (factory order). The "X" at the end of the stock number denotes that the cabinet is expandable. **KEKABS denoted with an asterisk (\*) are equipped with a high security 7 pin tubular lock with pop-out T-handle.**

# KEY CABINETS

## SLIMKABS™

SlimKab™ — The SlimKab line is an economical line of key control cabinets. They are available in two expandable sizes (SK-55X is special order). The cabinets are made of 22 gauge steel and come equipped with a five wafer cam lock. They are painted in a neutral sand color. The hooks for the tags are a single prong style (made for standard rings). This enables you to use any key ring in the SlimKabs. The "X" at the end of a stock number denotes that the cabinet is expandable. The expansion leaves are factory order.

<u>Stock No.</u>	<u>Capacity</u>	<u>Dimensions</u>
SK-15X	15 keys	10-1/2" x 6" x 1-1/2"

## MEDI-KAB™

**\$MEDI-KAB 3**  
12" x 8" x 2-1/2"

**\$-Discontinued. Call for closeout prices.**

HPC's Medi-Kab offers the most secure location for medicine and pharmaceuticals. The welded construction is from the finest heavy gauge steel. The Medi-Kab also features a rugged piano hinged door for security purposes. All Medi-Kabs use a cam lock. These locks can be keyed alike or keyed differently to meet virtually any security requirement. Also available in Dual Control Locks (factory order)

The powder coat textured painting process is in a neutral sand color finish that is suitable for any decore, office or home. At the office, the MEDI-KAB is designed to be mounted on a wall, near a desk, or a work station. In the home the MEDI-KAB is designed to be used in the kitchen, bathroom or closet.

## FIRE EXTINGUISHER CABINETS

HPC's Fire Extinguisher Cabinets are available in four sizes to fit the most popular sizes of fire extinguishers on the market. They are made of heavy gauge steel and painted in glossy white. The units are perfect for use in offices, warehouses, and hospitals. In the event that the fire extinguisher is needed, a hammer (that is attached to the top of the unit) is used to break the scored plexiglass on the front of the cabinet.
