

LOCKSMITH TOOLS

FLEX-A-LIGHT™

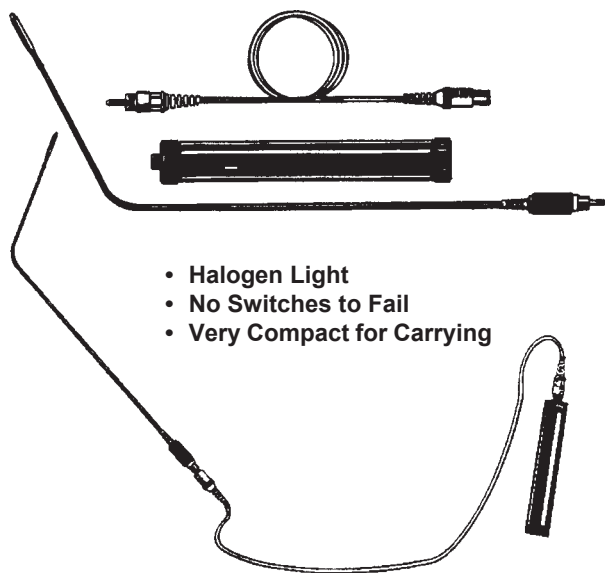

A New Concept in Probe Lights

More flexible than bending lights, yet rigid enough to keep straight.

FLEXIBLE PROBE-LIGHT

FPL-15 15" Flexible Shaft

This light is an economical, high intensity diagnostic tool designed for the locksmith professional. The shaft may be bent so that any angle will easily enter a 1/4" hole.

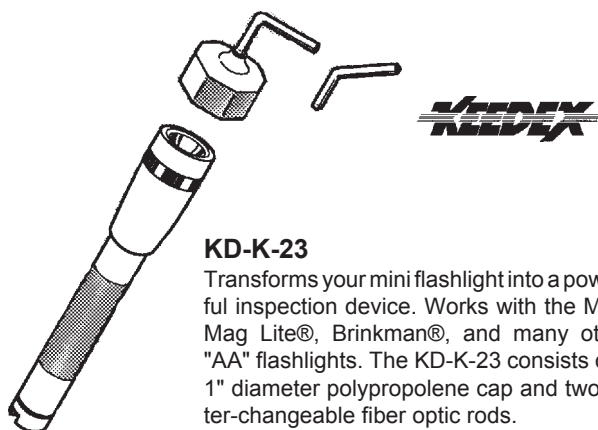

MAGNA SCOPE

MGS-1

An economically priced Otoscope ideal for magnifying and illuminating hard to see areas. This compact functional instrument reflects the same level of craftsmanship and precision as the most expensive medical instruments on today's market. Packaged complete with three specula, pin probe assembly and soft plastic carrying pouch. Uses convenient "C" batteries.

SCOPE FOR MINI-FLASHLIGHTS

KD-K-23
Transforms your mini flashlight into a powerful inspection device. Works with the Mini-Mag Lite®, Brinkman®, and many other "AA" flashlights. The KD-K-23 consists of a 1" diameter polypropylene cap and two inter-changeable fiber optic rods.
